Independent Auditor's Report

We have audited the accompanying basic financial statements of the Hart Area Public Library as of and for the year ended March 31, 2007 as listed in the accompanying table of contents. These financial statements are the responsibility of the Hart Area Public Library Board. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Hart Area Public Library as of March 31, 2007, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit is conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The required supplemental information listed in the table of contents as supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements of Hart Area Public Library. This information has been subjected to procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

The management discussion and analysis included in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements of Hart Area Public Library. We did not examine this data and, accordingly, do not express an opinion thereon.

HART AREA PUBLIC LIBRARY
Management's Discussion and Analysis (MD&A)
March 31, 2007

Using this Annual Report

This annual report consists of three parts- management's discussion and analysis (this Section, and the basic financial statements, and required supplementary information. The Basic Financial Statements include information that presents two different views of the Library:

- D Notes A through H of the financial statements include information on the Library's General Fund under the modified accrual method. These Notes focus on current financial resources and provide a more detailed view about the accountability of the Library's sources and uses of funds.
- D Notes I through L of the financial statements include information required for reporting under the full-accrual method.
- D Note L of the financial statements represents adjustments necessary to convert the fund financial statements to government-wide financial statements under the full-accrual method.
- D Note L provides both long-term and short-term information about the Library's overall financial status. The statement of net assets and statement of activities provide information about the activities of the Library as a whole and present a longer-term view of the Library's finances. These statements tell how these services were financed in the short-term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

The Library as a Whole

Our analysis of the Library's major fund is included in Pages 6 and 7 in the first column of the respective statements. The fund column provides detailed information about the most significant fund - not the Library as a whole. The Library Board has the ability to create separate funds to help manage money for specific purposes, and to maintain accountability for certain activities, such as special property tax millages. The Library's major fund consists solely of the General Fund.

The fund balance of the General Fund increased during the year by \$59,055 (or 12.8%) partially due to the increase in the millage, penal fines, and interest income and lower than budgeted salaries and capital outlay expenditures.

Management's Discussion & Analysis (Continued)

Library Budgetary Highlights

Over the course of the year, the Library Board amended the budget to take into account events that occurred during the year. The most significant amendments occurred in tax revenues and acquisition and repair and maintenance expenditures.

The increase in repair and maintenance expenditures was due to storm damage to the building which was covered by property insurance.

Capital Assets and Debt Administration

At the end of the fiscal year, the Library had over \$1.9 million invested in building, furniture and equipment, computers, and books and materials. The Library added over \$42,000 in new collections items consisting of new books and periodicals, various audio/visual materials, and the music collections, as well as over \$12,000 in furniture and equipment.

No debt was issued during the fiscal year. The Library's indebtedness totaled \$ 815,000 at March 31, 2007.

Economic Factors and Next Year's Budgets and Millage Rates

The original Millage authorized for the library operations was 2 mills per thousand dollars of taxable value. After adjustment for the Headlee rollback, the actual 2006 millage rate is 1.9578 mills.

The Library has budgeted for an increase in 2007-2008 with the largest increase in revenues going to taxes. The largest increases to expenditures are budgeted to be for professional and contractual services and capital outlay including acquisitions.

The Library remains concerned about possible reductions in state aid, penal fines and the overall economic conditions in Michigan.

HART AREA PUBLIC LIBRARY

Notes to the Financial Statements

March 31, 2007

NOTE A NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Hart Area Public Library conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the significant accounting policies:

1. REPORTING ENTITY

Hart Area Public Library was organized in 1967 to provide services for the City of Hart, Hart Township, Eldbridge Township, Golden Township and Weare Township. In 1977, the Library was re-established as a District Library when the City of Hart and Hart Township filed resolutions under Public Act 164. The Library's Board consists of eight board members appointed by the City of Hart and Hart Township. The Hart Area Public Library is a separate reporting entity.

The financial statements include all activities of the Library. There are no governmental department, agencies, institutions, commissions, public authorities or organizations within the Library, which is appointed officials may exercise oversight responsibility, that have been excluded. Oversight responsibility is considered to be derived from the Library's power and includes, but is not limited to, financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

Also using the same criteria above, the Library's financial statements include the accounts for all Library operations.

2. BASIS OF PRESENTATION

The Library's basic financial statements include both government-wide (reporting the Library as a whole) and fund financial statements (reporting the Library's major funds).

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The statement of net assets includes and recognizes all long-term assets and receivables as well as long-term debt and obligations.

Notes to the Financial Statement (Continued)

The Library's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets.

The effect of interfund activity has been eliminated from the government-wide financial statements. Also, there are no fiduciary funds included in the government-wide statements.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Library considers revenue to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the payment is due.

Property taxes, state shared revenue, penal fines and interest are considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Deferred revenues arise requirements imposed by the grantor or provider.

The Library reports on the following major governmental funds:

General Fund - This fund is used to account for all financial transactions not accounted for in another fund, including the general operating expenditures of the local unit. Revenues are derived primarily from intergovernmental revenues.

3. CAPITAL ASSETS

Capital Assets are defined by the Library as assets with an initial cost of more than \$1,000. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life on an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis not below 15% of the original value over the following estimated useful lives:

Notes to the Financial Statement (Continued)

Building and Improvements	30 Years
Furniture and Office Equipment	10 Years
Computers and Peripheral Equipment	5 Years
Library Books and Materials	5 Years

4. PROPERTY TAXES

Property taxes are levied on December 1st based on the taxable valuation of the property as of the preceding December 31st. Taxes are considered delinquent on March 1st of the following year. The Townships and City bill and collect the property taxes.

5. CASH AND CASH EQUIVALENTS

The Library's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments, if any, with original maturities of three months or less from date of acquisition.

6. USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

7. COMPENSATED ABSENCES (VACATION AND SICK LEAVE)

It is the Library's policy to permit employees to accumulate earned but unused sick and vacation pay benefits. There is no liability for unpaid accumulated sick leave or vacation pay since the Library does not have a policy to pay any amounts when employees separate from service with the Library.

8. LONG-TERM OBLIGATIONS

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported as deferred charges and amortized over the term of the related debt. In the fund financial statements, governmental fund types recognized bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Notes to the Financial Statement (Continued)

9. FUND EQUITY

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Designation of fund balance represents tentative management plans that are subjective to change.

NOTE B DEPOSITS

Legal or Contractual Provisions for Deposits and Investments. The Michigan Political Subdivisions Act No. 20, Public Acts of 1943, as amended through December 31, 1997, states the Library by resolution, may authorize the Treasurer to invest surplus funds in one or more of the following:

1. Bonds, securities and other obligations of the United States or an agency or instrumentality of the United States.
2. Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a financial institution, but only if the financial institution complies with subsection(2).
3. Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
4. Repurchase agreements consisting of instruments listed in subdivision (a).
5. Bankers' acceptances of United States Banks.
6. Obligations of this state or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than one standard rating service.
7. Mutual funds registered under the Investment Company Act of 1940, Title I of Chapter 686, 54 Stat. 789, 15 U.S.C. 81a-1 to 801-3 and 80a-4 to 80a-64, with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation. However, a mutual fund is not disqualified as a permissible investment solely by reason of either of the following:
 - a. The purchase of securities on a when-issued or delayed delivery basis.
 - b. The ability to lend portfolio securities as long as the mutual fund receives collateral all times equal to at least 100% of the securities loaned.
 - c. The limited ability to borrow and pledge a like portion of the portfolio's or assets for temporary or emergency purposes.
8. Obligations described in subdivisions (a) through (g) if purchased through an interlocal agreement under the Urban Cooperations Act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.
9. Investment pools organized under the surplus funds Investment Pool Act, 1982 PA 367, 129.111 to 129.118.
10. The investment pools organized under the local government Investment Pool Act, 1985 PA 121, MCL 129.141 to 129.150.

Notes to the Financial Statement (Continued)

The Library funds are held at Huntington Bank, Fifth Third Bank, West Shore Bank, and Shelby State Bank and are carried at cost and consisted of the following:

General Fund	<u>Carrying Value</u>	<u>Market Value</u>
Cash on Hand		
Checking-Huntington	\$ 50	\$ -
Money Market - Huntington	6,420	18,606

Money Market Funds	<u>387,047</u>	<u>383,383</u>
Total Deposits	<u>\$ 505,157</u>	<u>\$ 513,629</u>

The Library believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all bank deposits. As a result, the Library evaluates each financial institution with which it deposits library funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as

Investments are normally categorized to give an indication of the level of risk assumed by the Library; however, money market funds are not categorized because they are not evidenced by securities that exist in physical or book entry form. Management believes the investments in the funds comply with the investment authority noted above.

NOTE C DUE FROM OTHER GOVERNMENTAL UNITS/DEFERRED REVENUE

Receivables at March 31, 2007 consisted of the following:

City of Hart	9,836
Hart Township	<u>12,265</u>
Total Due from Other Governmental Units	<u>\$ 22,101</u>

NOTE D RISK MANAGEMENT

The Library is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, as well as medical benefits provided to employees. The Library maintains commercial insurance coverage for each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Library. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

Notes to the Financial Statement (Continued)

NOTE E STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

The General Fund is under formal budgetary control. The budget shown in the financial statements for this fund was prepared on a basis not significantly different from the modified accrual basis used to reflect actual results and consists only of those amounts contained in the formal budget approved and amended by the Board.

P.A. 621 of 1978, Section 18(1), as amended, provides that a local unit shall not incur expenditures in excess of the amount appropriated. During the year ended March 31, 2007, the Library did not incur material over-expenditures.

In the body of the financial statements, the Library's actual expenditures and budgeted expenditures for the budgetary fund has been shown on a functional basis. The approved budget for this budgetary fund was adopted at the line item level.

NOTE F ENDOWMENT FUND

The Community Foundation for Muskegon County holds an endowment fund which has been earmarked for Hart Area Public Library. The fund was created by a \$10,000 donation from a donor to the endowment during 2003 with subsequent donations and investment earnings. The value of this fund at March 31, 2007 was \$18,842.

NOTE G SIMPLE IRA PENSION PLAN

Description of plan—Beginning January 1, 2005, the Library began offering a Simple IRA plan through American Funds to eligible employees. To become eligible, the employee must have at least six months of employment and a minimum salary of \$5,000.

Funding Policy and Annual Cost - The obligation to contribute to and maintain the system for these employees was established by the Library's personnel policy, which does not require employees to contribute to the plan. The Library will contribute a match of up to 3%. Contributions totaling \$2,477 were made during the year ended March 31, 2007.

NOTE H FUND EQUITY

Reserved Fund Balances – Reserves of fund equity represent portions of fund equity not appropriated for expenditure or legally segregated for specific future use.

Designated Fund Balances – Designations of equity are used to show the amounts within unreserved equity which are intended to be used for specific purposes but are not legally restricted.

When both restricted and unrestricted resources are available for use, it is the Library's policy to use restricted resources first, then unrestricted resources as they are needed.

Notes to the Financial Statement (Continued)

NOTE J **CHANGES IN LONG-TERM DEBT**

Building Construction

The City of Hart Building Authority (“Lessee”) will construct and equip for approximately \$950,000 a building to be located on property owned by the Lessor. The City of Hart and Lessee have entered into a Full Faith and Credit general Obligation Lease Contract whereby the City will lease the facility from the Building Authority.

Notes to the Financial Statement (Continued)

On January 29, 2003, the City of Hart and the Hart Area Public Library entered into an agreement whereby the Hart Area Public Library agreed to sublease the facilities as described above to be used for the legitimate public purpose of providing library services to the jurisdictional boundaries of the City. The Library promises to pay semi-annual lease payments to the City in an amount at all times to provide a sum sufficient to allow the City to make the semi-annual cash rental payments to the Building Authority. The Library pledges its limited tax, full faith and credit, general obligation to the payment of the rentals pursuant to the sublease, subject to the statutory and constitutional limits on the taxing power of the Hart Area Public Library. At the end of the lease term, the building and land will revert to the District.

Outstanding Debt

A summary of the Library's long-term debt outstanding at March 31, 2005 follows:

	Balance 4/1/2006	Borrowings (Payments)	Balance 3/31/2007	Due Within One Year
Capital Lease – due in annual installments of \$35,000 to \$70,000 through June 2022; Interest payable semiannually at 3.5% to 5.0%	\$ 850,000	\$ (35,000)	\$ 815,000	\$ 35,000
Total Long-Term Debt	<u>\$ 850,000</u>	<u>\$ (35,000)</u>	<u>\$ 815,000</u>	<u>\$ 35,000</u>

Debt Requirements

The annual requirements to amortize the debt outstanding at March 31, 2007 including both principal and interest are as follows:

Capital Lease- 2004 Library Building			
March 31:	Principal	Interest	Total
2008	\$ 35,000	\$ 35,790	\$ 70,790

NOTE K PLEDGES RECEIVABLE

Pledges receivable represent amounts pledged on a specific date to be received by the Library over a period of more than one year. These funds are reported as revenues in the period received under the modified accrual method of accounting. In the government-wide financial statements, the revenue would be reported in the first year of the pledge and the receivable reduced for the amounts received each year (using the full-accrual method of accounting.)

General Public

Pledges receivable represent unconditional promises to give by donors. Current pledges receivable are expected to be collected during the next performance year. The balance of pledges receivable as of March 31, 2007, is \$48,976.

Governmental Units

In 2004, Hart Area Public Library entered into an agreement with local townships using the Library facilities to help with the cost of the new building. Two townships agreed to pay a set amount per year for 20 years.

	General <u>Public</u>	<u>Crystal</u>	<u>Governmental Units</u> <u>Weare</u>	<u>Total</u>
Balance of Promise to Give,				
April 1, 2006	\$ 29,076	\$ 12,800	\$ 10,400	\$ 52,276
Amount Received in 2007	(2,650)	-	(650)	(3,300)
Balance 2007	26,426	12,800	9,750	48,976
Less Allowance for Doubtful	(2,500)	-	-	(2,500)
Net Balance 2007	\$ 23,926	\$ 12,800	\$ 9,750	\$ 46,476

NOTE L RECONCILIATION OF FUND FINANCIAL STATEMENTS TO GOVERNMENT-WIDE FINANCIAL STATEMENTS

Total fund balance and the net change in fund balance of the Library's governmental fund differs from net assets and statement of the governmental activities reported in the statement of net assets and statement of activities. This difference primarily results from the long-term economic focus of the statement of net assets and statement of activities versus the current financial resources focus of the governmental fund balance sheet and statement of revenue, expenditures, and change in fund balance. The following are reconciliation of fund balance to net assets and the net change in fund balance to the net change in net assets:

Total Fund Balance- Modified Accrual Basis	\$ 521,552
Amounts reported in the statement of net assets are different because:	
Pledges receivable are reported as income in the year of the pledge for full accrual reporting, net of allowance for doubtful accounts	46,476
Capital Assets are not financial resources, and are not reported in the funds, net of accumulated depreciation	1,464,021
Long-term liabilities are not due and payable in the current period and are not reported in the funds	(815,000)
Net Assets of General Fund- Full Accrual Basis	<u>\$ 1,217,049</u>

Notes to the Financial Statement (Continued)

Net change in Fund Balances – Modified Accrual Basis	\$ 59,055
Amounts reported in the statement of activities are different because:	
Pledges received in the current year were previously reported as income for full accrual reporting.	(3,300)
Bad debt in the current year for income reported in prior year.	(2,500)
Capital outlays are reported as expenditures in the statement of revenue, expenditures, and changes in fund balance; in the statement of activities, these costs are allocated over their useful lives as depreciation:	
Library books and materials	42,027
Capital Outlay	12,426
Depreciation	(91,481)
Loss of disposal of capital assets	(9,066)
Repayments of bond principal are reported as an expenditure in the fund Statements, but not in the statement of activities (where it reduces long-term debt)	35,000
Change in Net Assets of General Fund – Full Accrual Basis	<u>\$ 42,161</u>

Library Board
Hart Area Public Library
Oceana County, Michigan

Dear Board Members:

We would like to thank you for the opportunity to provide our auditing services. It was again a pleasure working with the Director of Hart Area Public Library during the audit engagement.

A recent change in auditing standards (SAS 112 – *Communicating Internal Control Related Matters Identified in an Audit*) now requires that we provide a new letter, which we have included, that focuses on the internal controls over financial reporting.

In addition to the letter referenced above, we also reviewed the Library's accounting procedures as of and for the year ended March 31, 2007, and offer the following comments and recommendations:

Books and Records

We again commend the director and treasurer for the excellent condition which the library accounting records were presented in this year.

Pledges

Pledges Receivable is one of the amounts reported on the Statement of Net Assets which is not reported on the Balance Sheet as of March 31, 2007. This amount is approximately the amount the Library expects to collect in future years from donors based on the pledges made during the capital campaign. As the Library becomes aware of donors who will not likely meet the pledge, this amount will be adjusted for an allowance for doubtful accounts and bad debts will be reported in the Statement of Activities. This will remove the income which was originally reported in the year the pledges were received, until the Library either collects or writes off all pledges.

Approval of Invoices

We noticed in the minutes to the board meetings that the approval for invoices is not being documented. We discussed this with the Library director and found that the board is approving the invoices; however, it is not being documented in the minutes as required. We recommend in the future, that the approval of these invoices be documented in the minutes either in writing or by including a copy of the list of checks/invoices with the appropriate signatures.

Board of Directors
Hart Area Public Library
Oceana County, MI

Dear Board Members:

In planning and performing our audit of the financial statements of Hart Area Public Library as of and for the year ended March 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered Hart Area Public Library's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, we do not express an opinion on the effectiveness of the Library's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies and other deficiencies to be material weaknesses.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with the generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the organization's financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control. We consider the following deficiencies to be significant deficiencies in internal control.

Anti-Fraud Program

The Library has not adopted an Anti-Fraud Program (such as the attached standards of ethics and conduct) as required by SAS 99.

Control Over Financial Statement Preparation

Hart Area Public Library's internal controls would not prevent or detect a material misstatement in the financial statements.

Controls over the Selection and Application of Accounting Principles that are in Conformity with Generally Accepted Accounting Principles

The Library currently does not have personnel available with sufficient expertise to select and apply the accounting principles necessary to prepare the financial statements and note disclosures contained in the audit report.

A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control. We believe that the following deficiencies constitute material weaknesses:

Inadequate Segregation of Duties over Cash Receipts

The Library Director is responsible for most aspects of cash receipts. The current method includes opening the mail, recording the receipts, preparing and making the bank deposits, and reconciling the bank accounts. The process of having the Treasurer review bank reconciliations is not sufficient to compensate for overall lack of segregation of duties.

This communication is intended solely for the information and use of management, and the board of director's of Hart Area Public Library and others within the department, and is not intended to be and should not be used by anyone other than these specified parties.

Thank you for the courtesy extended to us during the audit. We look forward to a continued relationship with Hart Area Public Library. If you have any questions regarding the audit report, this letter or any other communications, please do not hesitate to call.

Respectfully submitted,
